"In some places where the public seem to think we are going to do a great deal we may not show great strength.— What we will do in other quarters will be a surprise. Now, take Virginia. WOODLAND COAL.

A NEW variety of Coal just received, for sale at the Charles Town Elevator. What is remarkable about this celebrated Coal, it is a Semi-Bituminous Coal, partakes of the free burning quality of Cumberland Coal, and of the cleanly quality of antiracite. Barns as freely as dry hickory wood, will outlast any other Coal in the market, making no cinders and is perfectly clean of slate. It has given satisfaction to all who have used it, and all we ask is a trial order. For the convenience of my customers I have placed a slate at Mr. S. C. Young's meat store, eaxt to the post office, where orders can be left or by postal cam.

Also keep on hand First-Class Roller Flour and Bran, as well as all kinds of Hard and Soft Coal.
